Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Searches for networking events - Signs up via registration portal - Reviews event agenda online	- Arrives at event venue - Checks in at reception - Looks for familiar faces	- Opens Streamlit app - Enters topic & interests - Reviews AI icebreakers
Touchpoint <i>What part of the service do they interact with?</i>	- Event discovery websites - Email newsletter signup - LinkedIn event page	- Physical event desk - Badge scanner - Welcome brochure	- Networking Assistant app - FastAPI /generate API - AI response cards
Customer Thought <i>What is the customer thinking?</i>	- Will I meet relevant people? - Is the registration simple? - Should I prepare talking?	- Where should I stand? - Who should I talk to? - How do I start a conv?	- These prompts are helpful! - I can break ice with this - What if I save these?
Customer Feeling <i>What is the customer feeling?</i>	Nervous but curious	Anxious but hopeful	Confident and engaged

Process Ownership <i>Who is in the lead on this?</i>	Thrivedh Reddy	Vijay Reddy	Bhagesh T.
Opportunities <i>How can we improve this stage?</i>	- Integrate LinkedIn for interest fetch - Support profile avatar upload	- Pre-download ML models on startup - Cache categories in memory	- Wikipedia search engine fallback - Session log JSON history storage
