Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Searches for networking events - Signs up via registration portal - Reviews event agenda online	Arrives at event venue Checks in at reception Looks for familiar face	Opens Streamlit app Enters event topic Reviews AI icebreakers
Touchpoint <i>What part of the service do they interact with?</i>	- Event discovery websites - Email newsletter signup - LinkedIn event page	Physical event desk Badge scanner Welcome brochure	Networking Assistant app FastAPI /generate AI response cards
Customer Thought <i>What is the customer thinking?</i>	- Will I meet relevant people? - Is the registration simple? - Should I prepare talking points?	Where should I stand Who should I talk to first How do I start a conversation?	These prompts look helpful! I can use this to break ice What if I save these?
Customer Feeling <i>What is the customer feeling?</i>	Nervous but curious	Anxious but hopeful	Confident and engaged

Process Ownership <i>Who is in the lead on this?</i>	Thrivedh Reddy	Vijay Reddy	Bhagesh T.
Opportunities <i>How can we improve this stage?</i>	- Integrate LinkedIn for interest fetch - Support profile avatar upload	- Pre-download ML models on startup - Cache categories in memory	- Wikipedia search engine fallback - Session log JSON history storage
