### Demonstration of Proposed Features:

This document captures all the features that were proposed during the project planning phase and tracks whether each feature was successfully implemented and demonstrated. It serves as evidence of the team's ability to deliver on the proposed solution.

| S.No | Feature Classifier       | Description           | Status<br>(Implemented / Partial / Pending) | Demonstrated<br>(Yes / No) | Remarks           |
|------|--------------------------|-----------------------|---------------------------------------------|----------------------------|-------------------|
|      | <b>Icebreaker Gen</b>    | Generates 3 starters  | Implemented                                 | Yes                        | Passes pytest     |
| 1    | <b>Live Fact Check</b>   | Queries Wikipedia API | Implemented                                 | Yes                        | Passes pytest     |
| 2    | <b>Session Audit Log</b> | Reloads previous runs | Implemented                                 | Yes                        | Passes manual run |
| 3    | <b>Thumbs Rating</b>     | Logs reviews to JSON  | Implemented                                 | Yes                        | Passes manual run |
| 4    |                          |                       |                                             |                            |                   |
| 5    |                          |                       |                                             |                            |                   |
| 6    |                          |                       |                                             |                            |                   |
